ScanPro 2200 Plus

The High Performance, Universal Scanner Fast, Powerful and Easy-to-Use

TOP OF THE LINE MICROFILM SCANNER, the ScanPro 2200 Plus has all of the tools and capabilities to work with all of your film types easily, quickly and effectively.

- We have added the 7-105x optical zoom lens as standard. This provides an unprecedented capability to read small text and view fine details on your microfilm. Only the ScanPro microfilm scanners have this capability.
- Continual automatic focus (FOCUS-lock) continues to be recognized as a main reason patrons love the ScanPro. The image on the screen maintains focus even during optical zoom, providing convenience and saving the operator time.
- One-click "Auto-Adjust" to adjust brightness, contrast, straighten the image and put a crop box around the image - patrons call this the "magic button".

UPGRADE TO THE NEW SCANPRO PLUS AT ANY TIME!

The ScanPro 2200 Plus provides all of the features of the Standard ScanPro 1100, as well as cutting-edge capabilities such as INFO-Link, WORD-Search and more to further improve ease-of-use and work flow efficiency.

EXCEPTIONAL RELIABILITY

ScanPro products are built for durability in public use applications. It is not unusual to find ScanPro scanners with over 1,000,000 scans and working just like new. And, we are passing that reliability on to you....

The best value of any microfilm scanner on the market

Spot Edit including Redact, fully Automatic Image Adjust, Straighten, Brightness and Contrast.

Automatic scanning of a full or partial roll of microfilm.

Your ScanPro purchase now comes with a 3-year warranty!

ScanPro 2200 Plus

Powerful Tools and features for working with all of your microfilm

Built for rigorous public use

ScanPro products are built for durability in public use applications. The construction is heavy gauge steel throughout and all moving parts use steel bearings for precision, performance and long term reliability. It is not unusual to find ScanPro scanners with over 1,000,000 scans and working just like new.

Performance

Small and compact, the ScanPro 2200 fits almost anywhere. One CLICK on-screen buttons complete look-ups quickly and efficiently. The combination carriers for all microforms are easy and fast to operate.

Exceptionally Easy to Use

The ScanPro 2200 Plus software is an intuitive Windows® computer application with familiar icons and text labels. And, the on-screen help menu is available for all controls to help the user at any time.

ScanPro Roll Film Carriers are the best in the industry.

ScanPro roll film carriers provide the operator with precision micro positioning of the microfilm image. These controls include image advance slow and fast (forward and reverse), image scrolling, image framing and auto-rewind. These controls are conveniently located on the monitor screen so that the operator does not have to move back and forth between physical buttons on the scanner and the software on-screen buttons. Operators report that having all buttons in one place is a significant convenience

ScanPro products have a proven track record of performance and reliability backed by factory trained and certified resellers.

ScanPro 2200 Plus Features and Specifications

USB3.0 Camera: 6.6 megapixel high optical resolution 45 lp/mm ¹
Camera orientation: Portrait and landscape, 360° optical image rotation

Moving your Microfiche into the Digital Age

Find out how e-ImageData is making your microfiche research “hands-free” and hassle-free!

e-ImageData is moving microfiche into the digital age with its newest innovation, the AUTO-Fiche Carrier™! Prior to the AUTO-Fiche Carrier, users manually moved the fiche carrier to find their desired image. This process can be lengthy and frustrating. The AUTO-Fiche Carrier eliminates all of this manual work! The motorized carrier is operated entirely by on-screen controls, allowing users to move directly to the desired image, anywhere on the fiche, with a single click!

- Automatically scan a range of images or the entire fiche
- Scanning speeds up to 60 images per minute
- Use on-screen controls to perform all operations
- Move directly to any image on the fiche with just a click
- Retrofittable to every ScanPro model, except for the ScanPro® 1000
- Backed by our three-year factory warranty

**Purchase includes first year \$249 annual software subscription fee.*

How to use the AUTO-Fiche Carrier:

1

Load your microfiche into the carrier glass.

2

“Select the grid.”

3

Click the appropriate grid location to move directly to your desired image.

It's “hands-free,” hassle-free and gives you the same exceptional clarity, focus and easy-to-use controls that you've come to expect from the ScanPro line of products.
